Notice of Required Warnings: Bosch Thermotechnology Products for Compliance with the California Safe Drinking Water and Toxic Enforcement Act of 1986, as amended (Proposition 65)

Dear Valued Customer:

We are writing to you on behalf of Bosch Thermotechnology Corp. (“Bosch”) regarding Proposition 65 warning requirements for e-commerce and catalog sales of Bosch products by your company. Effective August 30, 2018, Title 27 Article 6, §25602 of Proposition 65 will require that warnings for all subject products be available to consumers making internet purchases and catalog purchase.

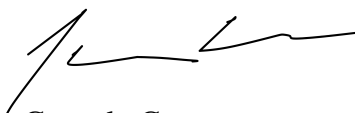

To ensure compliance with Title 27 Article 6, §25602(a) of Proposition 65 Bosch provides safe harbor warnings on the packaging of certain products. As a distributor or retailer that may sell these products through an e-commerce website or a catalog to customers in California, you will be required to provide these same safe harbor warnings to a purchaser prior to completing a purchase starting August 30, 2018

The list of Bosch products and associated safe harbor warnings that must be provided is available for download from our website <https://www.bosch-climate.us/support-center/product-approvals-certifications.html>, which will be kept up-to-date with any additional products as Bosch determines in the future. It is the responsibility of the retailer to refer to this up-to-date list and provide all applicable warnings to the purchaser.

Yours sincerely,

Dan Moffroid
Director - Product Management

Goncalo Costa
Director - AC Regional Business Unit
